| <b>Lunch Time</b>            |  |
| <b>Depart Time</b>           |  |

## STUDENT DROP-OFF:

- Enter through the gates. Turn to the left to drop-off students in front of the Education Center along the service drive. Look for the 'Bus Drop-off' sign.
- Please minimize the time the bus is parked along the service drive in front of the Education Center in order to keep the lane of traffic clear. The bus cannot be parked in the service drive, only for unloading/loading students.

## BUS PARKING:

- Once students have safely been unloaded, please move the bus to the designated bus parking area. To get there, exit the parking lot and circle back left into the parking lot. This time, continue straight after entering the entrance gates until you see the Bus Parking Only signs on your right.
- Please turn off the bus during the field trip to reduce emissions. Thank you for helping to fulfill our conservation mission!
- You are welcome to explore the gardens or come in our exhibit hall during the field trip. Restrooms are available in the Education Center, as well as beverages for sale in the gift shop.
